

Lost and Found

-by [Jenari Skye](#)

Lost in the darkness
Weary of the cold.
Waiting for the sun to shine
Clear and bold.

Fear of the brightness -
Penetrating, pure.
Baring broken-hearted self
Crushed, unsure.

Can you cast aside the mask
That hides your pain from all?
Do you want to find your way -
Risk following the call?

Ask yourself the question:
"Do I want to be healed?"
Then let the light expose it all.
Don't risk your hopes concealed.

Found in the sunlight,
Strengthened by His will.
Blessed by His unfailing truth,
Piercing skill.

Held in His kindness,
Gazing at His face,
Soaking up His love and peace -
Amazing grace.
